

# BANDELIER SUMMER CAMP NEWSLETTER

JULY 15<sup>th</sup> – AUGUST 6<sup>th</sup>

Our summer is just flying by! With only a few weeks left of summer we still have jam packed days of activities and adventures!

After saying goodbye to the dinosaurs in the Land Before Time we will be finishing off the summer on the Island of Misfit Toys! We would also like to say thank you to all of our families in our community for another fun filled summer! We made new friends and amazing memories! We are also already planning for next summer! On to our next adventure!

## Things to Know

- Adults check in at the parent table on the iPad. You will use your pin code for check in and check out. Please remember your ID, as new staff throughout the summer will not be able to let your child leave without proper authorization.
- Lunch will be provided by APS this summer. If you choose to bring your own, please bring one that does not need refrigeration or to be heated.
- Send a water bottle with your child's name on it.
- Send 2 bottles of sunscreen per child.
- Send your child already sun screened. We will continue to sunscreen them every 2-3 hours. If your child can not be sun screened, be sure to send alternatives, such as a hat, etc.
- A schedule of field trips and swim days will be available on the parent table. We will have one field trip per week for the younger unit and one per week for the older unit.
- **SWIMMING**
  - Remember to pack a swim suit and towel for swim days.
  - Cabins 1 and 2 will be doing water play at the site. They will still require swim clothes and a towel.
  - Cabins 3-8 will be alternating between swimming and staying back at the site. We will keep you informed of the schedules.
- Personal items are allowed at the responsibility of the child and only at free time. No electronics, including cellphones!
- Cabins 1 and 2 will have down time after lunch. They may bring something soft to lay on or with that will be returned at the end of each week to be laundered.
- **The summer lunch program will end on July 26<sup>th</sup>. Please send your child with a lunch that does not need to be heated up.**

Site Phone number: 505 459-0576

Hours of Operation: 7 am-6 pm

## Another Summer in the Books!

Between enrichment clubs, cabin time, and field trips our summer flew by! We had such a great summer making new friends and having fun new experiences around our community! Here's a look back on our summer and some fond memories that we will remember forever!

We had a fun wacky time at A Park Above! The kids had a great time exploring the park and splashing around on the splash pad!

### Enrichment Club Fun!

We had some really fun enrichment clubs this summer! We had fun building our own giant volcano from scratch and even made it erupt! We also had fun playing Asteroid Attack in our Dino Day Camp Club!

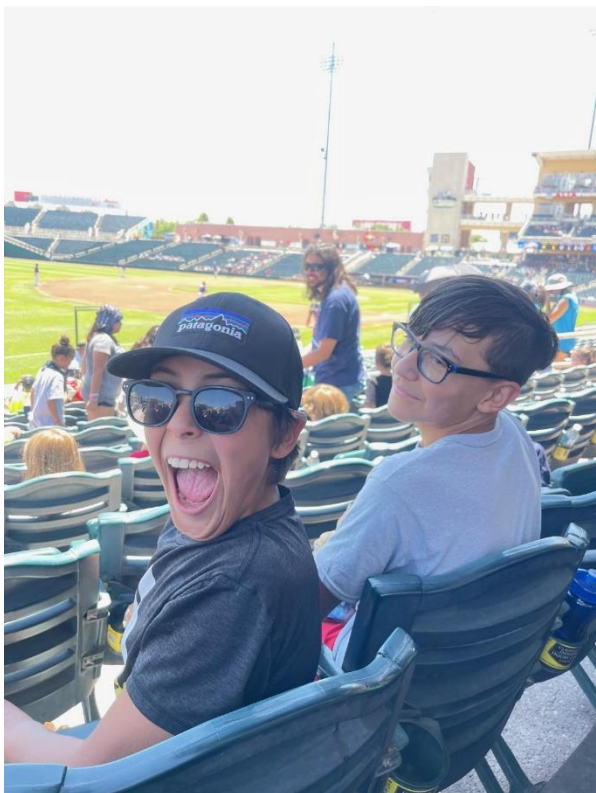

# Take Us Out to the Ballgame!

We had a great time going to see and Isotopes game! One of our cabins even caught a foul ball! The kids had such a fun time and they even made it onto the jumbotron!

# Electric Times at Electric Playhouse and Learning at the Museum of Natural History

We got up close and personal with some dinosaur friends at the museum!

The interactive games and rooms at Electric Playhouse were so immersive and fun!
