# THE HOLLERIN' HAWK

## Sepriana A

**Have you ever been balloon fiesta?** "No."  
**Did you enjoy getting to see the balloons this morning?**

"Yes. I liked the hot chocolate. I got mine with whipped cream. I really liked the purple balloon."

**What would your dream pet be?** "A cat, like a tiger cat."

**What would you name your tiger cat?** "I would name it Love"

**What do you want to be when you grow up?** "I want to be like my Mom. I want to do hair and lashes like her."

**What are you going to be for Halloween?** "A mermaid I was a witch last year!"

**What is your favorite Halloween candy?** "I really like lollipops"

**What is your favorite part of the day?** "I really like being outside. I like to play on the swings."

## Interview With Mr. Wolf

**How long have you been teaching art? How long have you been teaching at HH?**

I have been teaching for 10 years. I think this is 5 at Hubert Humphrey.

**What got you into teaching art?** Art has always been my passion, its what I've always loved to do, and I wanted to inspire kids.

**What is your favorite type of art?** Expressionist.

**What art style are you best at?** Probably sculpture, clay.

**What is your favorite type of animal to draw?** That's a good one -- probably a sloth.

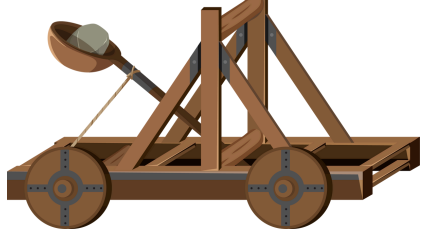

**Who is your favorite Artist?** You guys, for sure! I love teaching you kids.

**What is your favorite thing about doing art?** "Clay. Actually, Paint.

**Is every type of art we make awesome?** I always loves the Picasso ones!

**What is your favorite medium to use?** I sometimes will use mediums I'm terrible at, to see if i have improved as an artist.

# Catapults with Seth

One afternoon, on a particularly crafty day for Children's Choice Hubert Humphrey, I brought down some basic art supplies to see if we could make catapults. By using craft sticks, skewers, an obscene amount of tape, and a few other household supplies, we began to work together. After thirty minutes of crafting and finalizing our details, we all had our very own catapults! We set up a cup for target practice and began to see our creations come to life. Quick, fun engineering.

# Balloon Aloft

On the Friday October 4th Hubert Humphrey hosted two balloons to kick off the week long International Balloon Fiesta. The kids got to watch two balloons get inflated and one even took off from our field. We enjoyed hot chocolate and abnormally warm weather.

# Spa Day with Jake

Jake created a relaxing environment for the afternoon kids! Kids got to be creative with nail polish while listening to calming music and applying face masks and cucumber slices. We made tea and enjoyed some tea cakes.
