MEET COOPER P.

Cooper is 9 years old and in 4th grade. He's been a part of Children's Choice since almost his first day of school nearly 5 years ago. His favorite thing about CC is that he get to have fun after school. He says that he still enjoys school but he doesn't enjoy having to do "a bunch of math and stuff". He likes CC because he doesn't ONLY learn but he gets to play and have fun while learning new things.

Cooper's favorite thing to do outside of school is play videogames (his favorites being Call of Duty and Fortnite). He also enjoys playing catch with a football but says that he "can't right now because there's a bunch of dog poop" at his apartment complex.

Cooper's favorite type of music is rock and metal with King Diamond being the band he listens to the most along with Green Day.

He also aspires to be a scientist one day - or a professional beatboxer, which he is currently practicing.

He also recalls going to California with his Uncle and Grandma being his favorite vacation. He says that he got to touch ocean water for the first time and "didn't know the current would be so strong".

The final thing Cooper wants people to know is that he loves to eat pesto pasta.

BACK TO SCHOOL PARTY!

Above and Beyond Club spent the first few weeks of school planning a party for the entirety of our CC Osuna community. Along with the help of our staff Ariel they had huge aspirations and accomplished everything they sought out.

Although we always have healthy snacks they thought that maybe just for one day we could have a party with a selection of treats that everyone could enjoy. They requested pizza for the site along with hot cocoa and few other snacks that we could all share together.

They also decorated the cafeteria with balloons and streamers. It really set the mood for the dance party we had later on where our Construction Area usually is. We danced to all the dance party classics such as: Cha Cha Slide, Cupid Shuffle, and the Macarena!

Along with all that, they requested that we watch Nightmare Before Christmas because Osuna was having a pajama day for Spirit Week.

We had a fantastic time and every bit of effort put in to coordinatng it all really paid off.

SPONTANEOUS PICASSOS

Gabriel D. asked if the CC staff could put out some paint and it inspired lots of kids to start getting creative! Using canvas paper, construction paper, and washable paint; a huge group of kids created beautiful artwork to take home to their families and to give to their friends!

A painting club will be started in a few weeks where the kids will get to explore different mediums!

Atlantis: "I'm making something for my grandma!"

Gabriel: "This represents how I'm feeling, also the colors aren't mixing well so this is really my only option right now"

Una: "I want to paint too! Could I use that cool paper that everyone else is using!?"
