# RINGING IN THE NEW YEAR

# 2025

## VISION BOARDS WITH JASMINE

The kids got to explore, create and share their goals dreams and aspirations for this new year 2025. They had so many good ideas! They cut from magazines, drew pictures and added fun stickers to bring their vision boards to life.

## NEW YEAR PARTY WITH SARA

Kinder and First grade!

Second and Third grade!

Fourth and Fifth grade!

We rang in the New Year by having a glow dance party! We split up into groups, listened and danced to some of our favorite songs from 2024!

We got to enjoy a small cupcake and we washed it down with a Shirley Temple. Some of us had never tired one before! It was our first taste and we loved it!

# ROCKET CLUB WITH ADRIAN

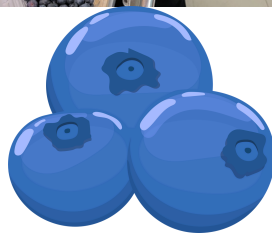

In Rocket Club the kids got to design their very own rockets!

Using old 2 liter bottles they decorated them with paper stickers markers and some even made fins for their rockets!

Adrian then took them outside to launch their rockets. using a bike pump to build up the pressure enough to launch their own rockets !

# SMOOTHIES WITH SASHA

The kids started their morning off with smoothies! They helped cut the fruit and we added milk and yogurt. We talked about healthy smoothies and what flavors would go well together!

Some kids only picked 1 or 2 fruits. A couple kids tried all of the fruits mixed together.
