CIRCUIT**

## IMPORTANT INFORMATION

-Although we have many of the same staff, we've got a few new additions. Have your ID ready in case a new staff may request it to verify your identity.

-If your child will not be attending our afternoon program please call or text us at (505) 340-9656 and let us know.

Aiyanna is 10 years old and in 5th grade this year. Aiyanna has been a part of the CC community since 3rd grade. She loves school because she really enjoys spending time with her friends. Her biggest challenge in school is writing, although she loves reading. Math comes easily to her because of her teacher. In her class, math is fun because of the games that are incorporated.

Aiyanna wants to attend a school for performing arts. Ever since she was little, she has always enjoyed acting, dancing, and singing. She was inspired by the concept of an underdog because she considers herself an underdog story.

Her favorite thing about Children's Choice is spending even more time with her friends. The best thing to happen to her is meeting her friend Molly that also attends CC!

Aiyanna's favorite artist at the moment is NoCap. Her favorite songs include "Baby Drake" and "Yacht Party".

Her one piece of advice to younger kids is to follow rules and listen to the staff because it'll help you learn.

# KINDER CLUB!

For a couple weeks, Ava (10) and Julissa (10) have been running Kinder Club. Their intention is to teach our younger community members how to be a helpful part of our program while also having a fun time.

This week we focused more on fun! They gathered their squad for a small meeting and then took the group to the basketball court for a few fun games that they used to love to play when they were little.

They started off having all the littles run a lap around the court (which they loved). After that, they played Simon Says for a short period. But the littles were the most excited for Ava and Julissa's Freeze Dance"!

A few of our favorite songs included: "Espresso" by Sabrina Carpenter, "Beautiful Things" by Benson Boone, and "Thunder" by Imagine Dragons.

We had so much fun that a few third graders wanted to join in!

"Can you play Feel Good Inc!?" - Kaden, 8

"We need them to get all their energy out first - Julissa, 10

# Rubber Band BFFS

Our kiddos had so much fun learning how to weave friendship bracelets out of rubber bands. They used their fingers to weave some very cool colorful creations. Once their bracelets were finished they secured it with a clip.

At first it took the younger kids a little more time than the older ones. But once they got the hang of it, (from some good advice from experienced weavers) they got it down in no time.

Making our bracelets was a great and relaxing time that everyone could work on independently.

"With great chicken comes great nugget"  
- Brayden, 11

"Look! I'm doing it!" -  
Grant, 6

"This is so funny" - Anna, 5
