PRINTMAKING

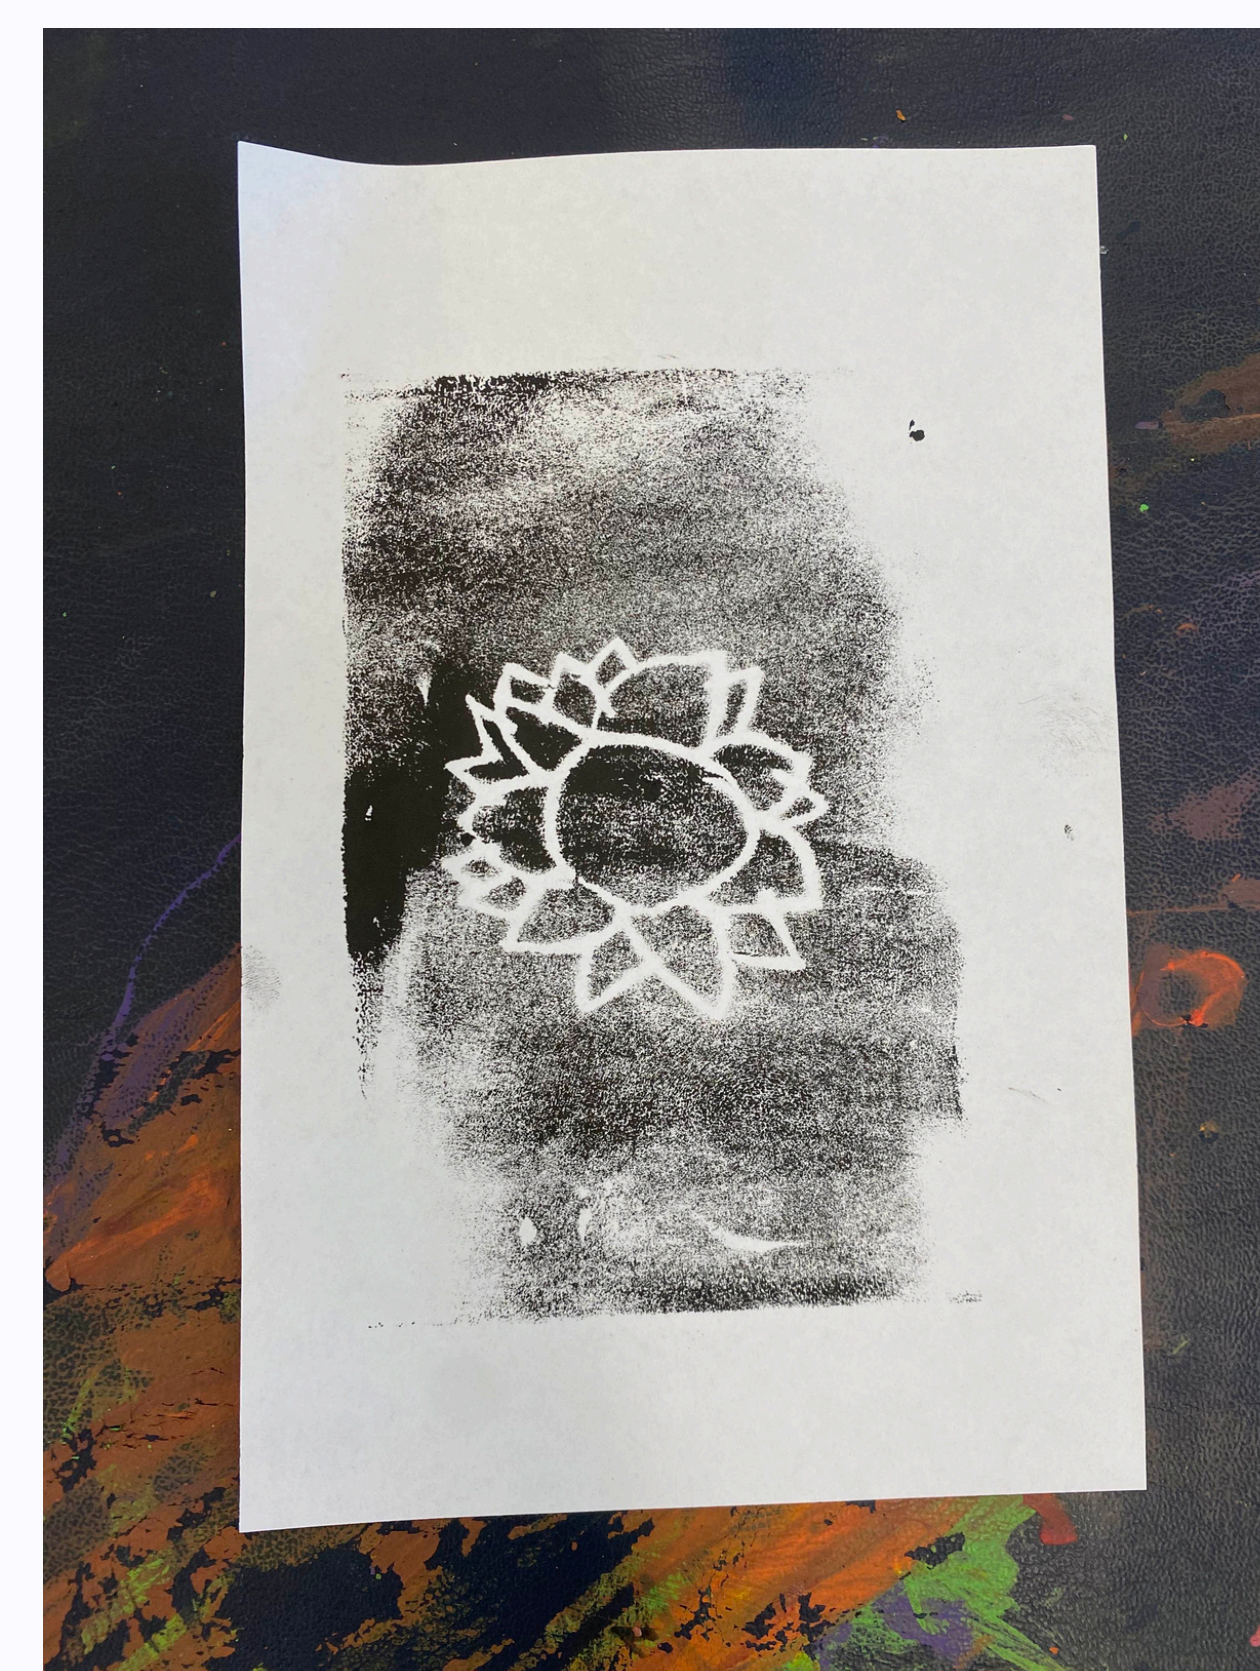

Printmaking was a new experience for many of our kids. They learned to how to transfer prints onto paper and canvas tote bags to take home!

Activity members started by drawing their designs onto foam tiles to make a carving. Then, they used the rollers to apply ink to their tiles and press them onto their paper or tote bags. There were all kinds of designs made.

“Mine is a guy if he was in Minecraft.” - Ivan D.

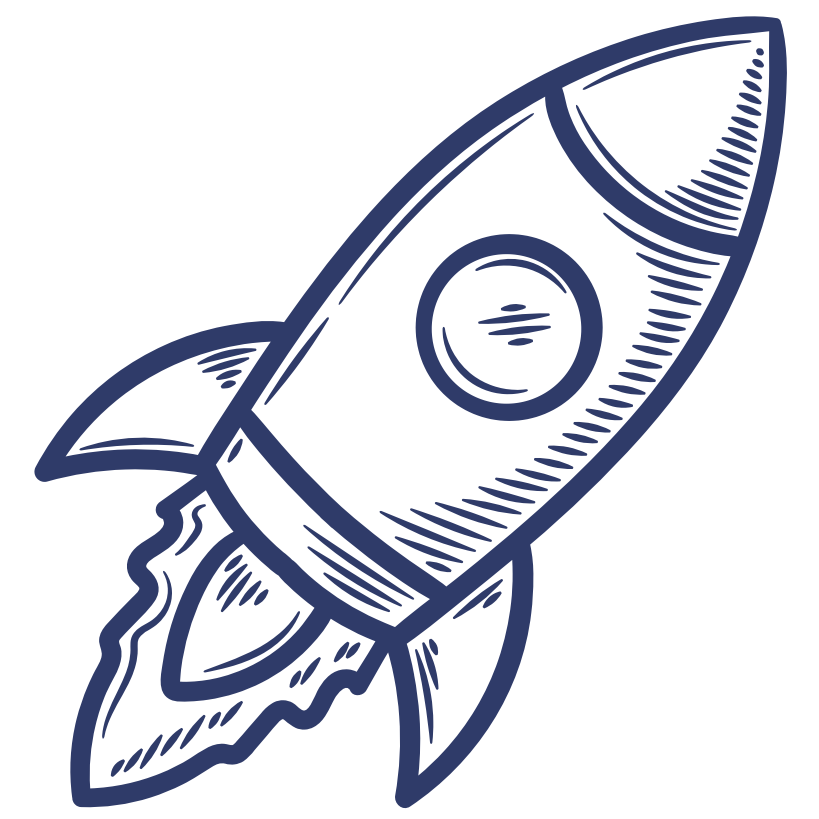

Printing words and letters were a particular challenge. Some of the printers tried to make, **Inez Rockets**, and quickly learned that they need to write backwards!

The older kids were given the special opportunity to carve their designs into a linoleum block. This proved to be a tricky technique, but worth it!

BINGO NIGHT THROWBACKS!

We recently had our first Bingo Night of the semester! A huge thank you to all the families that attended and joined in the fun!

We played pretty standard bingo but with a couple big changes. The bingo boards were actually CC Inez themed. Rather than the typical bingo letters, our boards were a 4X4 using the letters, **I - N - E - Z**.

All of the icons were based off of previous activities that the kids have done, recurring clubs, or items in the environment that the kids love! The caterpillar on the playground is a good example.

Bingo dabbers and stickers were placed all over the cafeteria for people to easily access and use.

The CC staff worked hard to find prizes that the whole family would enjoy. So, we went with prize kits that everyone could participate in!

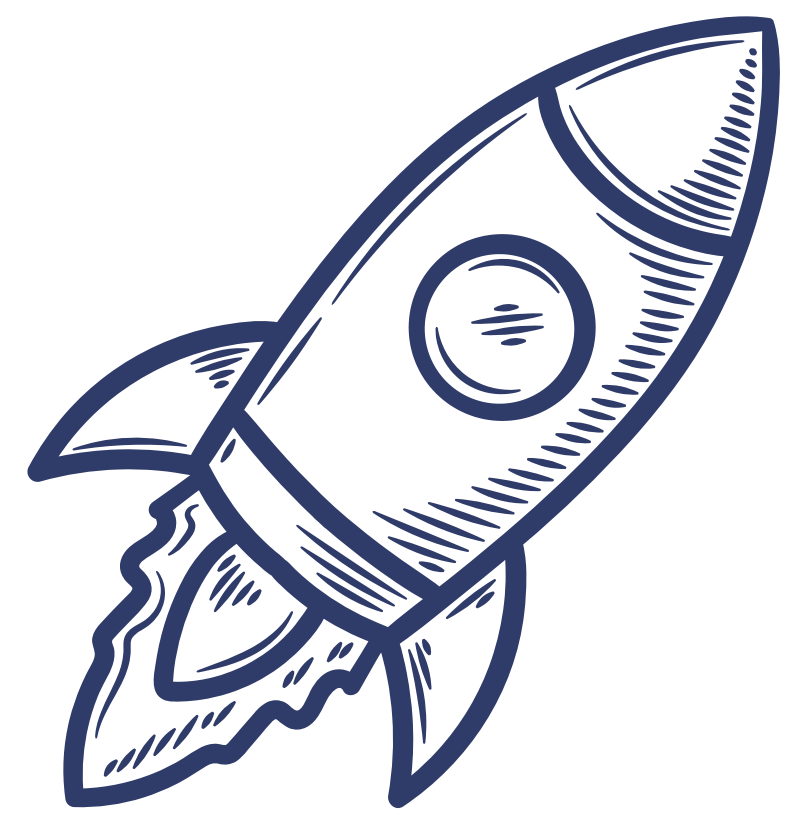

Check out the next page to see the Bingo winners and what prize they chose!

Family nights are an opportunity for the whole CC community to come together, play, eat, and get to know each other. Whether you're just a morning program family or a drop-in, everyone is invited!
