ABSTRACT ART

Look out! During the program we saw how the kids were starting their own project in the Art Area. The kids explored different types of art and tried different styles to paint. From midnight blue art to bunnies.

‘ you have to look at our canvas with a different perspective’

Mateo: ‘ you just have to go with the flow, and turn your head sideways to see the true art’

Jackson T: ‘ if you get it then that’s good, if you don’t, well too bad’

Hayden: it’s art so you have to see our painting from different angels!’

RICE KRISPY TREATS

We assume you've eaten store-bought Rice Krispie Treats. We take it they're... all right? But you know what's tastier?

Homemade! The children had a great time making Rice Krispie Treats! They all worked really cooperatively. Throughout the process some kids said: 'you put too much Rice Krispies!' or 'the more the merrier!'. We created a huge mess but we enjoyed the process and concluded with a huge cleanup afterwards. 'Can we have some?' kids said after the Rice Krispies were ready to be eaten.

Leprechaun Popcorn Balls

To get in the St. Patrick's day spirit, the children made popcorn balls! They first melted marshmallows and poured that onto the popcorn along with seasonal lucky charms. After that, they got to forming balls and waited for them to stick together. Once finished they all got to take some home to share with family and friends.

‘ The Leprechaun Lucky Charms were a nice touch.’ - Sophiah D.
‘ We ran out of regular marshmallows so now we’re using pumpkin flavored marshmallows.’ Zeke T.
